Expanded Health & Wellness discounts, including Fitbit® devices and PERS, to more Dual Special Needs Plan (D-SNP) members.

Why UnitedHealthcare?

UnitedHealthcare plans offer more value to members through a portfolio of discounts.

How does it work?

- Members can access the portfolio of discounts through their member site.
- Due to HIPAA requirements, discounts are promoted differently for prospects, members who have not opted in and members who have opted in. Once opted in, additional discounts appear.
- Select Health & Wellness discounts do not require members to opt in (e.g., Fitbit® devices and PERS).
- Most discounts are powered by LifeMart who aggregates thousands of discounts on their co-branded microsite.

*Discount offers vary between Medicare Advantage, Medicare Supplement and Dual Special Needs Plans. Benefits, features and/or devices may vary by plan/area. How does it work?

Most members opt in by following three easy steps.

- 1 Sign in to their member site **myuhcmedicare.com** and click the **Get member discounts** tile under **My plan resources**.
- 2 Upon first access, they will be prompted to opt in.
- 3 They will be directed to the discount's website.

Select D-SNP members, whose member site is **myuhc.com/communityplan**, are not required to opt in as they only have access to select Health & Wellness offers. They sign in to their member site, navigate to the **Health & Wellness** page and click the **Get member discounts** tile.

How can you support your members?

- Help members know what to expect for 2025 and how to get the most out of their plan.
- Encourage members to opt in, if necessary, so they can access the full portfolio of discounts.
- Promote the discount categories – Health & Wellness, Travel, Electronics, Restaurants and Entertainment – rather than the specific offers.
