

Hearing

Hearing coverage on UnitedHealthcare Medicare Advantage plans offers **expanded hearing aid options**, as well as access to one of the largest networks with more than 6,500 providers.

Over-the-counter devices starting at \$99

Access to more than 2,000 hearing aid models

What's new for 2025?

Copay structure

Now, Partial D-SNPs are configured with a copay structure similar to Non-SNPs.

Why UnitedHealthcare?

- \$0 copay for routine hearing exam.
- Large national network of hearing providers with 6,500+ locations and a variety of styles and brands of hearing aids*.
- Non-SNP, C-SNP and Partial D-SNP members have a \$99 - \$1,249 copay per device for a broad selection of OTC and prescription hearing aids.

How does it work?

Most members can receive 2 hearing aids, every year, plus, a 3-year manufacturer's warranty on all prescription hearing aids and one-time loss / damage replacement.

Members can access their benefit through a simple path of their choice:

- **Expert-guided path:** Members work with an in-network hearing care professional to receive a no-cost hearing exam and consultation. Providers help members every step of the way, from evaluating hearing loss, to finding the right hearing aid and providing ongoing support.
- **Self-guided path:** Members with mild-to-moderate hearing loss can shop online for OTC hearing aids without an appointment or prescription. Hearing aids can be shipped directly home, providing convenience and flexibility.
